

Sculpture Exhibit Opens in the Charlestown Navy Yard

A new sculpture exhibit by artist Michael Alfano, opened on Tuesday, June 21, 2022, in the Charlestown Navy Yard. Hosted by Navy Yard Garden & Art and Friends of the Charlestown Navy Yard, over 350 Charlestown families, children and guests celebrated the Summer Solstice and the Grand Opening for the "Of Many Minds" sculpture exhibit installed along the Boston Harborwalk.

Magician Mike Bent mesmerized hundreds with his "Abrakidabra Magic Show". Continuum Dance Project performed to perfection around Artist Michael Alfano's sculpture "CUBED" in honor of the Grand Opening. Trike Hub gave narrated pedicab tours of the 20 sculptures installed along one mile of the Boston Harborwalk.

Face painting, USS Constitution Museum activities, free food by The Anchor and free Ice Cream by MGH made for a perfect evening.

Community groups represented at the event include Coalition for a Resilient Inclusive Waterfront, Harvest on Vine, Courageous Sailing, Friends of the Charlestown Navy Yard, Navy Yard Garden & Art, e Inc, and USS Constitution Museum.

Special thanks to photographer Adrien Sipos for capturing the joyful evening and to the BPDA for their ongoing support of efforts by Navy Yard Garden & Art to revitalize and enhance Shipyard Park in the Navy Yard.
